- Walking & Mountain Biking Track
- Note: Some tracks are closed during lambing season (usually Aug 1 - Oct 31)
- Main areas for viewing wildlife
- Shoreline and Water Birds
- Penguins
- Seals and Sealions

## Our Peninsula Care Code

**Cultural Heritage:** Respect our cultural heritage. Dunedin and the Otago Peninsula have a spiritual and historical significance for many including Mana Whenua, local Maori.

**Walking Tracks:** Act responsibly on walking tracks that also cross private property by goodwill.

**Wildlife Care:** The Otago Peninsula is home to rare wildlife.

**Seals and Sea Lions:** Keep a distance of 10 metres. Do not block their path to water. Sea lions are not afraid of you and can move quickly.

**Penguins:** Hide so penguins can't see you. Whisper, move slowly. Keep to tracks or out of their pathway: never approach a nest. No flash photography. No dogs.

**Freedom Camping:** Protect our environment by using best health and hygiene practices. Please only use designated areas for camping, rest stops and waste disposal.

**Public Amenities:** Please use the public toilets and rubbish bins provided at various reserves or villages. Locations of free dump stations are marked on the map.

**Fuel:** Fuel is not provided on the Otago Peninsula. See map for nearest fuel stations.

## Estimated Driving Times From Dunedin Visitor Centre

- to Macandrew Bay, 15 minutes;
- to Portobello Village, 25 minutes;
- to Taiaroa Head, 55 minutes;
- to Larnach Castle, 30 minutes.
